

HARSHITA

PHP DEVELOPER

harshitaarora28@gmail.com

9711385841

Delhi, 110042, India

Dedicated and detail-oriented PHP Developer with 6 months of hands-on experience in developing dynamic web applications. Expertise in HTML5, CSS3, and AJAX. Proficient in backend development using PHP, MySQL, and modern frameworks such as CodeIgniter 4. As a fresher seeking the position of PHP Developer, I am eager to apply my skills and contribute to a dynamic development team.

Work Experience

PHP DEVELOPER

Jan 2024 - Present

PC Training Institute Ltd.

Developed and managed 3 high-end web-applications in PHP and MySQL by using CodeIgniter 4 Framework

Projects

<https://www.pctilttd.com/>

Present

1. Developed a multi-vertical website, integrated diverse business functions, including frontend design and backend management.
2. Developed a scanner page for iPhone with an integrated API for attendance tracking, featuring real-time location capture and "in/out" functionality, thoroughly tested with Postman.
